Summary

With extensive experience in developing and managing web applications using MERN Stack, React JS, and SQL, I am proficient in C, C++, PHP, JavaScript, HTML, CSS, and modern web technologies. My expertise includes real-time tracking, case reporting, and automated systems. I excel in problem-solving and troubleshooting and am eager to contribute to PhonePe's team by leveraging my technical skills and innovative solutions.

Experience

VIA

Mar 2024 - Apr 2024 (2 months)

• Developed a real-time officer status tracking system, improving duty allocation efficiency by 90%, by implementing HTML, CSS, JavaScript, and PHP.
• Designed and implemented a comprehensive case report system, enhancing incident documentation and evidence management, resulting in 65% faster case resolution.
• Streamlined leave management and order panel processes, reducing paperwork and delays by 78%, using SQL, PHP, AJAX, HTML, and CSS for automated applications and duty assignments.

Education

Sagar Institute of Science Technology and Engineering

Bachelor of Technology in Computer Science & Engineering
Aug 2022 - Present

Government Higher Secondary School Chilkapure (M.P)

12th
Aug 2021 - Jun 2022

Saraswati Shishu Vidya Mandir, Bhainsdehi (M.P)

10th
Aug 2019 - Jun 2020

Licenses & Certifications
